

PANCREATIC CANCER CANADA

Ten years ago, we lost Toronto Argonaut Dick Aldridge suddenly to pancreatic cancer. In his honour and the memory of others who have died from this silent killer, the Dick Aldridge Charity Golf Classic was created to raise funds for pancreatic cancer research. To date, this tournament has raised close to \$750,000 in support of lifesaving research.

Tuesday July 22, 2014

Join us for the 10th Anniversary

Dick Aldridge Charity Golf Classic

Emerald Hills Golf Club in Stouffville, ON

To celebrate a decade of making progress in the fight against pancreatic cancer, **one golfer will take home \$10,000**

www.pancreaticcancercanada.ca

Thank you for making a difference!

Spend a day with friends, mingle with sport celebrities and play golf to support a great cause! Don't worry about your golf skills as this tournament is about having fun!

We ask that you register at your earliest convenience in order to reserve your place. Due to the event's overwhelming success - **first come, first served!**

You can make a difference by participating in one of the following ways:

REGISTER as a Single (\$225) or as a Foursome (\$900)

BECOME A TOURNAMENT SPONSOR – Various levels of sponsorship are available and could include complimentary golf passes.

CHIP IN with a silent/live auction item(s) valued at a minimum of \$1,000 and fill your foursome with 3 paid golfers. We will waive your registration fee and provide you with a gift-in-kind tax receipt for fair market value of auction item – a minimum of \$800.

Registration deadline is July 8th, 2013

The foundation began in Dick's name in 2006 and evolved to the NATIONAL PANCREATIC CANCER CANADA FOUNDATION in 2010. Operating as Pancreatic Cancer Canada, we are committed to improving pancreatic cancer survival and creating hope through awareness, education, patient support and advancing research.

Of all forms of cancer, pancreatic cancer is the most lethal. Each year, close to 5,000 patients are diagnosed and given little hope for survival. There is no prevention, no early detection, no proven treatment and no cure. It remains the only leading cancer killer with a 5-year survival rate in the single digits at just 6%. Until researchers can discover a means to detect this disease early on, it will remain a silent killer.

The leading beneficiary of our fundraising efforts is Toronto's Princess Margaret Cancer Centre. New and promising treatments are on the horizon. Progress has been made but there is still so much work to do!

With your support we CAN make a difference!
